VOL. XXII.

ATLANTA, GA., TUESDAY MORNING, APRIL 23, 1895.

PRICE FIVE CENTS.

## HE IS DESPERATE.

Cleveland Expects All Office Holders To Fight for Gold.

THEY MUST ORGANIZE AGAINST SILVER

If They Do Not Assist They May Lose Their Jobs.

EVEN CONTRACTORS TAKE A HAND

There is an Army of 200,000 Government Employees, and Washington and Wall Street Furnish the Sinews of War.

Washington, April 22.—A strong and vigorous fight against the free and unlimited coinage of silver, independent of international agreement, is to be made by the administration. With that end in view, officers in the various executive departments appointed under the present administration are being urged to organize systematically for the purpose of conducting the contest along the lines laid down in the president's message.

Many of the higher officials who enjoy reputations at home as stump speakers will probably take to the field early in the summer and others are even now engaged in writing letters to their local papers or personal friends, impressing upon them the importance of sustaining the administration in the position it has outlined. Federal officers in the several states will be organized as a nucleus about which all who uphold the administration or favor the gold standard will be expected to rally. There are nearly 200,000 government officers, postmasters, internal revenue officers, customs officers, district attorneys and innumerable contractors scattered throughout the country. These will be expected to do the aggressive fighting in the field and will be amply furnished with documents and all necessary sinews of war from Washington.

Nearly all of the cabinet officers will take the stump for one or more speeches. Secretary Carlisle will certainly make two or more speeches in the Kentucky campaign. Secretary Morton will deliver an address in Chicago, and, perhaps, one in St. Louis. Secretary Herbert and Congressman Clarke will probably speak in Alabama. Postmaster General Wilson is being urged to go west and speak in Illinois and Indiana, and may find time to do so late in the summer.

The president is represented as being thoroughly in earnest in the proposed campaign against free and unlimited coinage of silver, and will leave no stone unturned to prevent the free silver sentiment from gaining headway, and to crush it out if possible. As tariff reform was the test of party fealty in his campaign for the presidential nomination, active support of his demand for the repeal of the Sherman purchasing clause the test of party fealty in 1894, so in 1895 the test of party fealty will be uncompromising opposition to the free and unlimited coinage of silver by the United States. Independent of international agreement, perfecting of the silver question with this end in view are now being formed, and these organizations will be extended to the counties and even into districts.

BUT HE THINKS IT, JUST THE SAME.

Mr. Cleveland Says That He Is Not Responsible for Morton's Talk.

Washington, April 22.—The president when asked this evening whether Secretary Morton's interview of some days ago on the monetary question might be regarded as representing his views, replied: "I am in no manner responsible for Mr. Morton's interview, and knew nothing of it until I read it in the newspapers. When I have seen fit to say anything to the people on the money question or any other question, I have found it quite easy to do so directly and on my own account."

He knew Mr. Cleveland did not object referring to his interview of last Saturday on the silver question. Secretary Morton said this evening that he did not profess to speak at that time nor at any other time for the president or any other member of the cabinet. The sentiments were his own and he alone was responsible for them.

SILVERITES IN TEXAS.

John Reagan Addresses a Caucus of the Legislature.

Austin, Tex., April 22.—In compliance with a call issued last week about one hundred members of the Texas legislature met in caucus tonight to take some action on the silver question. The object of the meeting set forth in the opening speeches of the leaders was to fix the democratic party in Texas on the monetary question during the next campaign. Railroad Commissioner John T. Reagan made a speech in advocacy of silver at 15 to 1, saying that the question was in his opinion one of the most important that would come before the political world in years, and that the people demanded that silver—the people's money—should be maintained on a parity with gold at the present ratio.

A number of other addresses were made and it was demanded that a vigorous silver campaign should be inaugurated in every section of the state at once in order that when nominations were made for the state to elect two years hence the lines should be drawn as between "free silver" and "goldbug" democrats. There is some talk of the silver members in the present legislature, of whom there is something over 100, issuing a silver proclamation, urging the people to rally to the support of silver. It is also intimated that John Reagan will be the standard bearer in the next campaign for these silverites on the democratic ticket for governor. From present indications and the action of the caucus tonight, a silver caucus will be called in July at Fort Worth to map out the entire campaign for the state.

TENNESSEE FOR FREE SILVER.

The House Votes for It by a Good Majority.

Nashville, Tenn., April 22.—(Special.)—By a vote of 47 yeas to 23 nays the house today concurred in the senate resolution urging congress to pass a law providing for the free and unlimited coinage of silver and gold at a ratio of 16 to 1.

Delaware's Deadlock.

Dover, Del., April 22.—The 18th ballot for United States senator, taken today, resulted

as follows: Higgins, republican, 6; Addicks, republican, 6; Pennewill, republican, 3; Massey, republican, 3; Ridgely, democrat, 3; Tunnell, democrat, 1; absent, 1.

EVANS DEFIES GOFF.

Says a United States Court Has No Right To Interfere with a State.

Columbia, S. C., April 22.—Another sensation was created today by the publication in the State of the fact that Judge Goff, of the United States circuit court, had issued another injunction against the state authorities, on the grounds that the registration act of 1892 was unconstitutional; that there was sufficient fraud at the polls in the election last fall to vitiate the calling of the constitutional convention; that there was a conspiracy between Tillman, Evans and others to commit frauds; that the agreement between Tillman, Evans, Barnwell, Hemphill and others was a conspiracy to defraud the negro of his right of suffrage; that Evans as governor had sought to carry out these conspiracies by removing notaries for taking affidavits from negroes; that the illegal acts of supervisors of registration were part of the same conspiracy, etc.

The important portion of the letter reads as follows:

"It is ordered that the defendants, John Gary Evans, governor of the state of South Carolina, and P. Butler McCoy, a commissioner of elections in said state, and all other persons charged under the laws of the said state with the duty of holding or managing elections for delegates to a convention to be held on the second Tuesday in the month of September, 1895, for the purpose of revising, amending or changing the constitution of that state, be and they are, hereby enjoined and restrained from any and all action looking to the holding of such election or elections until the further order of this court."

"It is further ordered that said defendants do show cause why they, and each of them should not be perpetually enjoined from ordering, holding or procuring to be held in the said state, any election or elections to delegates to a convention for the purpose of revising or changing the constitution of said state of South Carolina."

"And it is further ordered that the said defendant, John Gary Evans, make full, true and perfect answer, under oath to the interrogatories filed with the said bill, on or before the said second day of May, 1895."

Governor Evans hurled defiance at this order in similar language to that employed by him in referring to the jurisdiction of the court, and declares that he will pay no attention to it. He made this statement today:

"I have not been served with any order or any other paper from Judge Goff, but from the published accounts it seems that I have been enjoined as governor of the state of South Carolina, and Mr. McCoy as a commissioner of election of the state of South Carolina, and not as individuals. The state of South Carolina is still sovereign and independent and it is my duty under the constitution of the state, to execute the laws of the state. I shall continue to do this without fear of presumptuous interference of a United States circuit judge. I shall treat the proceedings with the contempt it deserves. We will of course act at the proper time in accordance with the respect due to the constitution of the United States; and at the same time I will arrange for necessary force in carrying out of the will of the people in reference to the constitutional convention will be made and all duties required of me by the constitution and by the statute laws of the state of South Carolina will be faithfully performed. If I am in contempt of Judge Goff he must make the most of it."

HARRISON STRADDLES.

He Is Trying To Do a Feat Impossible This Year.

Indianapolis, Ind., April 22.—An Indiana republican who was in Washington during President Harrison's administration, said today that Benjamin Harrison will be the compromise candidate of the currency factions next year. "He is the coming man," said this republican. "He will be nominated on a conservative bimetallic platform. Of all the republicans spoken of for president he is the only man that can carry over the silver question. Gold men in the east and the silver men in the west. It is said that political friends of Harrison are already organizing the west for him. Recently a good many of his friends have been making the ex-president to say something on the currency question, but he maintains silence. One of his friends said today: 'I doubt if the ex-president will talk on the currency question, but he will be in the republican national convention. He is willing to stand by his views expressed in the Colorado speech. He believes that his position is well understood. He will not read the constitution, but he will not let his friends should push him as a candidate on which the opposing factions can unite he cannot object. Mr. Harrison is making arrangements to go east next month. He has entirely recovered from his recent illness and apparently was never in better health.'"

The Sentinel, organ of the state democracy, Monday morning printed a long interview with Governor Matthews, who declares for free silver and criticizes President Cleveland's recent letter.

EVANS NOT REPRESENTED.

Counsel for Governor Turney Appears and Makes an Argument.

Nashville, Tenn., April 22.—(Special.)—The counsel for H. Clay Evans declined to attend tonight's session of the committee on the governor's election, but counsel for Governor Turney were present. Chairman Caldwell explained that the action of the committee was subject to reconsideration and they desired to hear argument.

Colonel J. J. Vertrees, leading counsel for Governor Turney, then began his argument, which he had not concluded when the committee adjourned. Colonel Vertrees' argument lasted over two hours. He said the legislature was not sitting as a court. He explained why the general assembly instead of the courts was given jurisdiction over gubernatorial contests. He argued that the dominant party were the people in any state. Gubernatorial contests involved questions that were political and turned upon laws that an opinion satisfactory to the majority of the people was desired, and for this reason the legislature was given jurisdiction. He argued that Evans saw he did not have enough evidence to meet the democratic charges if sustained and purposely made his charges general instead of specific in order to make political capital.

Want One Themselves. Chicago, Ill., April 22.—A special from Milwaukee says: "There will be war in the Democratic party in this state on the silver question. Members of the party from the interior are angry at Chairman E. C. Wall for condemning Chairman Hinrichsen, of Illinois, for calling a silver convention and are urging the necessity of such a convention in this state."

## WILL HAVE AN ORGAN

Illinois Democrats Will Start a Paper To Supplant The Herald.

IT IS CAPITALIZED AT \$1,000,000

Frank Wenter, Ex-Mayor Hopkins and Hinrichsen Take Stock.

IT WILL LAY LOW ON FINANCE

After the Party Declares in State Convention, Which Will Soon Be, It Will Declare Its Policy.

Springfield, Ill., April 22.—Application was made today to Secretary of State Hinrichsen for the incorporation of The Chicago Daily Enquirer. The paper is to be democratic in politics and will be guided by the party conventions in its attitude on the currency question. The capital stock will be \$1,000,000. It is expected that the United Press report will be secured.

The following Chicago men signed the application for incorporation: Frank Wenter, S. P. McConnell, John P. Hopkins, Alex. J. Jones, Charles S. Thornton, Delos P. Helms, Willis J. Abbott, William Prentiss, Frank Gaultier, W. B. Brinton, Clayton F. Crafts, Jesse D. Sherwood, Robert F. Burke, William H. Snyder, Edward T. Noonan and R. F. Spangler. Both silver and anti-silver men are among those back of the paper. William H. Hinrichsen, chairman of the democratic state central committee, said this evening:

"It will be a stockholder in the new paper in Chicago. I think the incorporation for a million dollars was a wise move, for it gives every prominent democrat of the state an opportunity to identify himself with a truly democratic newspaper. As I understand it, and I am only one of many who believe that the prospect is unprecedented for a good business investment, the first stipulation of those most deeply interested was that the newspaper should take no radical position on the financial question in advance of the formal action of the party. The tariff barons have invaded the west and prostituted to their base uses that great newspaper which has stood for eight years as the beacon light of tariff reformers, and the loyal democrats of Chicago and Illinois are determined that their fruits shall turn to ashes from their lips and that from these ruins shall spring a new member of democratic faith which will carry the creed of undying democracy to every democrat of the northwest."

Representative William H. Snyder, of Belleville, who, with Marshall Brinton, stated that he would be a stockholder because he believed the opportunity was excellent for investment and he thought it the duty of all representative democrats to uphold the party organ in the metropolitan city of the state.

TALK OF AN EXTRA SESSION.

But the President Does Not Want Congress on His Hands.

Washington, April 22.—(Special.)—Some talk of an extra session of congress was produced here today by the publication in an afternoon paper of a long article alleging that the advisability of an extraordinary session of congress was being seriously considered. The alleged reason given was that the dissension in the democratic party on the subject of silver had grown to such an extent that the party leaders considered it advisable to have an extra session in order to demonstrate that the republicans were as badly split up as their political adversaries, and to show the country that they, too, were incapable of agreeing on remedial legislation.

While it is doubtless true that the republicans are about as deep in the mud as the democrats are in the mire on the silver question, no one here who knows Mr. Cleveland believes he would call an extra session for the purpose of putting the republicans in a "hole." He doesn't play politics after that fashion. It would require some sort of a national exigency, fancied or real, but sufficient to his mind, to induce him to summon congress to Washington. For that reason, no one here conversant with the situation takes any stock in the extra session talk.

Mr. Bennett Will Resign. Claude N. Bennett, of Georgia, who came here several years ago as correspondent of The Atlanta Journal and who has been Secretary Smith's private secretary since the latter's advent into the cabinet, will resign his position to accept a place as disbursing officer of one of the Indian agencies out west. Mr. Bennett's eyes have been troubling him a great deal and he thinks life in the west would benefit his health.

New Postmasters. The following fourth-class postmasters were appointed today: Georgia—J. L. Williams, Grimsley, Laurens county; R. E. Ward, Humber, Stewart county; John Russell, Kirby, Coffee county, and R. V. Fennell, Tanner, Appling county. Alabama—Wilkes Limbach, Beecham, Cleburne county; J. H. Mason, Belltown, Cleburne county; A. J. Garrett, Kent, Elmore county; C. L. Belheller, East Birmingham, Jefferson county; G. E. Williams, White Plains, Calhoun county.

INCIDENTS AT DURANT'S TRIAL.

A Young Woman Insists on Speaking to the Prisoner.

San Francisco, Cal., April 22.—The preliminary examination of Theodore Durant, charged with the murder of Minnie Williams, commenced today. The testimony of the witnesses examined did not differ materially from that given at the inquest. When the name of A. E. Williams, the dead girl's father, was called, a sensational incident occurred. A handsome and well-dressed young woman, who had been standing all the morning in the edge of the crowd behind young Durant, stepped to the witness platform and said: "I shall refuse to say a word until I have spoken to this defendant."

Judge Condit ordered her to step down, but she refused and exclaimed: "I declare this man free."

As a bailiff took her in hand she exclaimed: "No one shall touch me until I have spoken to this man."

The woman had evidently become insane from brooding over the murders.

Friskier's Appeal Denied.

Washington, April 22.—Some time ago Daniel Friskier was convicted in the federal court at New Orleans of taking an illegal pension fee. Friskier's attorneys appealed to the United States supreme court for a rehearing and the appeal was denied today.

## ADVICE TO THE JAPS

The Mikado Issues an Imperial Proclamation Full of Wisdom.

HIGH COMPLIMENTS TO THE ARMY

Harmonious Action on the Part of All Made Victory Possible.

NOW BEWARE OF THE SWELLED HEAD

China Is Negotiating for an Indemnity Loan of 25,000,000 Pounds Sterling from a European Syndicate.

London, April 22.—The Central News correspondent in Tokio telegraphs a summary of an imperial proclamation issued today to the Japanese people. The emperor says he is convinced that the peace concluded at Shimonoeki will promote the national prosperity, which has ever been his highest aim.

The glorious result of the war had been achieved by the harmonious efforts of the whole nation. The ministers, the army, the navy and people's representatives in the diet had done everything in their power to make Japan strong and ready to realize the emperor's aspirations. They had omitted nothing in perfecting the plans of national defense. The soldiers and sailors of the empire had won everlasting glory by their behavior abroad. They had advanced and fought, unmindful of winter's bitter cold and summer's blazing heat, and they had triumphed everywhere. They had earned a world-wide reputation for discipline and humanity. No praise was too high for their loyalty and valor and the glory both had added to the empire.

At the same time, much remained to be done in the march toward higher civilization. It was to be hoped that the loyal subjects of the empire would realize this and would guard against the dangers of vanity and conceit. They should cultivate a spirit of modesty and humility and strive to perfect their military defenses, although without going to the extremes of national armament. They should promote education and endeavor to know the refinements—but not the effeminacy—of life.

The emperor rebukes sharply those who in the intoxication of victory, seem inclined to insult friendly powers and complicate the empire's foreign relations. Now that the extension of faith had been reported, the exchange of the treaty ratifications should inaugurate a period of forgiveness and friendship. Every endeavor should be made to live in peace and good will with the nations of the earth. The emperor closes the proclamation with the statement that strict obedience to his wishes, as indicated in this document, will be exacted from all his subjects.

EXTENDS TO ALL POWERS.

Japan's Getting Commercial Concessions Was Not Exclusive.

London, April 22.—A dispatch from Tokio to the Central News says that in view of the various European misstatements and misrepresentations in regard to the Chinese-Japanese treaty of peace, the government confirms that the commercial concessions obtained by Japan were not exclusive, but extended to all treaty powers. Japan secured these privileges for the general good of all countries, and, therefore, expects her efforts to meet with friendly appreciation.

WHERE CHINA BORROWS MONEY.

Negotiating for a Loan of £25,000,000 in Europe.

Berlin, April 22.—The Cologne Gazette says: "The loan of 30,000,000 marks at 6 per cent, which has been concluded with a syndicate of German bankers, is merely a provincial transaction which was arranged some time ago by the victory of Nankin. The Chinese government has opened negotiations for an indemnity loan of £25,000,000 with a syndicate of British, German and French bankers."

Enter Their Protest.

Berlin, April 22.—The Koelnische Zeitung says that the German, French and Russian ministers in Tokio have addressed identical notes to the Japanese government, protesting in a friendly but energetic manner against the terms of peace.

A Special Envoy.

London, April 22.—The Central News Company's correspondent in Tokio says that Ho Mi-yeh has been appointed special envoy to China for the purpose of exchanging the ratifications. The Japanese legation here has not been informed of any joint action contemplated by the powers. It is denied by the officials that Great Britain is negotiating independently with Japan for commercial advantages.

A Permanent Menace.

Paris, April 22.—The Temps says in a strongly worded leader on the terms of peace: "The treaty will constitute a permanent menace to the interests of Europe. It is a grave infringement on the rights of the powers whose possessions have a common frontier with China, and Europe will find it impossible to understand or forgive the weakness of power that is selfishly holding aloof and thus destroying the efficacy of the peaceful intervention of the others."

What Is Russia About?

London, April 22.—The Times correspondent in Kobe says: "All the officers of the Russian warships both here and at Nagasaki have been stopped and the crews are confined to their vessels. The Russian legation has instructed the commanders to be ready to sail at twelve hours' notice."

Let Them Settle It.

London, April 22.—The Times will say tomorrow: "It is too easily assumed that the powers have the right to step in at the conclusion of the war and dictate the conditions of peace. The present appeal for a demonstration of European concert is not justified, prima facie, either by precedent or policy. We believe public opinion on the continent, as also generally here, will let the question between China and Japan settle itself. We decidedly believe the government wise in refraining from any share in bringing pressure to bear upon the Japanese."

FRANK LENZ WAS KILLED.

The Bicyclist a Victim of the Kurds in Armenia.

Pittsburg, Pa., April 22.—Mr. T. B. Langhans, of Allegheny, received a letter yesterday from a missionary in Armenia in regard to the fate of Frank Lenz, the man who left Pittsburg to travel around the world on a bicycle.

Lenz was murdered by Kurds in Armenia about one hundred and fifty miles from Constantinople, on the 10th of last May. The letter is dated March 27, and says: "Two days ago an Armenian arrived from Karakisse, where Mr. Lenz made

a short stop, and he tells me that the people of Zedikan, the last village on the Alashird plain and just at the mouth of the pass over the mountains, told him that some of their people saw the body of a man on the road between Koord Ali and Dahr and near Koord Ali. They later understood that it was the body of the foreigner who was riding the two-wheeled cart."

This is hearsay evidence, but it harmonizes with reports from other sources.

FROM SANTIAGO DE CUBA.

Four Spanish Warships in the Harbor. General Campos's Arrival.

Santiago de Cuba, April 22.—(Correspondence of the United Press.)—Your correspondent visited many places in the province of Puerto Principe and found everything quiet. No disturbances occurred anywhere in the province during his visit. He then proceeded to Gibara, where he found everything quiet and business going on as usual. From Gibara he went to Baracoa, where he learned that the alarm which followed the landing of Maceo had quickly subsided. The town of Santiago is guarded at present by 1,000 troops and four Spanish warships are lying in the harbor. Besides these there are 4,000 troops in the vicinity of the town. The total number of insurgents does not exceed 2,000 men, all of whom are confined to the interior of the province. The report that General Crotchet has been killed is confirmed. Four of his command have been made prisoners.

It is reported that Maceo is surrounded by government troops.

The British warship Mohawk is coaling here.

General Martinez Campos arrived outside the harbor today and returned to Manzanillo after a consultation with Generals Garrich, Salcedo and La Chabre on board the steamer Villa Verde. General Campos's ultimate destination is probably Guantanamo.

At the urgent request of United States Consul Hyatt the authorities here have hastened the inquiry into the cases of August Bolton and Gustave Rulleu, American sailors who were imprisoned weeks ago on the suspicion of aiding the insurgents. They have found both men innocent and have decided to release them tomorrow.

WATCHING THE CUBANS

To Prevent Them from Seizing a Vessel Loaded with Arms.

New York, April 22.—A special cable dispatch from Colon, Colombia, says that the steamship Habana, armed with gatling guns and rifles, ready for action, has arrived from Venezuela. Senor Castillo, a Cuban, bound from LaGuayra to Santiago, is being watched by guards placed on the shore by the local authorities as if he were a whole band of pirates. The Habana sails for Cuba today. Spanish merchantmen visiting these waters are taking precautions to prevent a repetition of the episode of 1875, when eleven Cubans seized the steamship Montezuma.

DID MACEO SUICIDE?

A Body Found Thought To Be That of the Insurgent Leader.

Santiago de Cuba, April 22.—It is rumored that General Maceo, the insurgent leader, committed suicide because of chagrin at the failure of his expedition. A body has been found which, while it has not been positively identified, is believed to be his.

Jacksonville, Fla., April 22.—Manuel Martel, of Mantel, of yacht LaGonda fame, is in the city and will leave for New York in a day or two. It is alleged that he has been in the United States to arrange business in the United States. Cubans here say he comes direct from Cuba, but he refuses to talk.

NICARAGUA'S TROUBLE.

How To Pay the Indemnity to Great Britain Is a Puzzle.

New York, April 22.—The Herald's special cable from Managua, Nicaragua, says that at a cabinet meeting Saturday night, it was proposed to cede to Great Britain, Cuba in the Atlantic, as an equivalent for her claim for indemnity. This proposition met with strong opposition from President Zelega, and another proposition was made to pay the indemnity by means of a forced loan. No definite action was taken on either proposition.

MOVEMENTS OF NAVAL VESSELS.

Cruisers To Go to San Domingo and Key West for Coal.

Washington, April 22.—Secretary Herbert has ordered Admiral Meade to send the cruiser Minneapolis to Kingston to take on 500 tons of coal which remained in a colliery at that port when the fleet left for San Domingo, and which could not be sent to Cuba on account of the exorbitant freight rates. The New York, Columbia, Atlanta, Raleigh and Cincinnati will sail directly from Colon for Key West, where nearly 4,000 tons of West Virginia coal have been sent for their use. Any portion of this that the New York, Columbia and Cincinnati do not need will be landed at the Key West naval station for future use. The New York and Columbia will spend but a few days at Key West and will then hurry to the New York navy yard to prepare for their cruise to the Kiel celebration, which occurs June 19th. Captain Evans, of the New York, expects to get away from New York for Europe about June 1st, when Admiral Meade's flag will be transferred to the Minneapolis.

Secretary Herbert says one of the vessels will return to Colon from Key West, but all the others will come north. The Montgomery will be used to convey the members of the Nicaraguan canal commission to Greytown.

PANIC IN MOODY'S TENT

Caused by a Storm During the Services.

Fort Worth, Tex., April 22.—At 8 o'clock last night, while Evangelist Moody was conducting a revival service at the auditorium building, a heavy wind storm caused a portion of the east wall of the frame structure to collapse. Mr. Moody requested the audience to remain quiet, but many timid people hurriedly left the building, causing a momentary panic. In the rush for the exit one man was seriously injured and five others received slight bruises. The lady organist continued playing and in a few minutes the panic subsided. The excitement was intensified by a number of women fainting. The services were resumed tonight.

A Bank Closed.

Washington, April 22.—Comptroller Eekels today closed up the First National bank of Willimantic, Conn., and placed Bank Examiner Dooley in charge. The capital of the bank is \$100,000 and it has become impaired, it is said, through the carelessness or otherwise of the cashier, who recently died.

Ricketson Will Serve His Time.

Washington, April 22.—The president today denied the applications for pardon in the case of George W. Ricketson, of Georgia, convicted of conspiracy to intimidate a witness before a United States court and sentenced to two years in the Ohio penitentiary in 1894.

## GULLY IN THE CHAIR

The Lords Summon Him To Appear Before Them.

HER MAJESTY APPROVES THE CHOICE

Donning the Wig, the New Speaker Gets Down To Business.

HE MAKES A VERY GOOD APPEARANCE

At the Very Outset, However, He Trips, and Is Corrected by a Clerk—Ex-Speaker Peel Made a Viscount.

London, April 22.—The house of commons which stood adjourned over the Easter recess, resumed its sittings today. Speaker-elect Gully took the chair, but almost immediately afterwards the usher of the black rod appeared in the house and summoned him before the house of lords. The speaker, accompanied by the sergeant-at-arms and a majority of the members of the house, proceeded to the bar of the house of lords. Lord Herschell, lord high chancellor, and Lords Kimberley, Spencer, Carrington and Kensington, came

stating a royal commission, occupied seats in front of the throne, which was uncovered. Lord Herschell, bowing to the new speaker, said: "Her majesty has most fully approved and confirmed your appointment."

Speaker Gully replied: "I submit myself to her majesty's gracious will and pleasure."

Then followed an exchange of salutations, the speaker and his party bowing to the royal commission and the assembled lords, who dignifiedly returned the salute. The speaker and the members of the house then withdrew. Upon his return to the house, the speaker retired to his private rooms, where he donned his robe of office and full-bottomed wig. Reappearing in the house, Mr. Gully took the speaker's chair and in a brief speech said that as her majesty had signified her approval of the house's choice of himself to fill the office of speaker he took this opportunity to repeat his acknowledgments to the house for the honor done him.

Sir William Harcourt announced that the queen had approved the petition of the house that her majesty confer a mark of royal favor upon ex-Speaker Peel, and gave notice of his intention to introduce a motion on the subject.

Speaker Gully made an excellent impression. He has a fine bearing, a stately manner and a good voice. He has, however, a good deal to learn in regard to his new position, as was evidenced by his blipping up at the very outset. When Home Secretary Asquith moved the second reading of the factory bill in the usual dumb, slow way by merely rising and lifting his hat, the speaker omitted to put up his hat, and the bill he read? until he was prompted by the clerk.

Peel Is a Peer. The Right Honorable Arthur Wellesley Peel, ex-speaker of the house of commons, has been elevated to the peerage, with the title of viscount.

The Rev. Archibald Farrar, D.D., canon of Westminster, has been appointed dean of Canterbury.

A Tablet to Pastner.

Paris, April 22.—Yesterday was the beginning of the three days' fetes in celebration of the centenary of the Ecole-Normale, the chief college of France, where a majority of the leading professors were educated. The programme today included the unveiling of a mural tablet in honor of Louis Pasteur, the distinguished chemist. An oration was delivered by M. Poincare, the minister of education.

A Vessel Aground.

London, April 22.—The steamer Guildhall, from Charleston via Newport News for Bremen, before reported aground at the latter port, was towed off after having 3,500 bales of her cotton lightened. Her bottom is strained, deck seams opened amidship, and other damage has been sustained.

True Bill Against Wilde.

London, April 22.—In the central criminal court today the recorder advised the jury to return a true bill against Oscar Wilde and Alfred Taylor. Until the decision of the jury is announced tomorrow, the date of the trial will not be fixed.

Earthquakes in Austria.

Vienna, April 22.—A violent earthquake, accompanied with thunder, shook Laibach this afternoon. Eight or ten buildings collapsed and the few families who had returned to their homes fled back to the fields.

Art Models Destroyed.

Paris

## BIG CHIEFS CONFERENCE

Fire Fighters Fix the Date for Their Next Annual Convention.

THEY MEET IN AUGUSTA OCTOBER 7

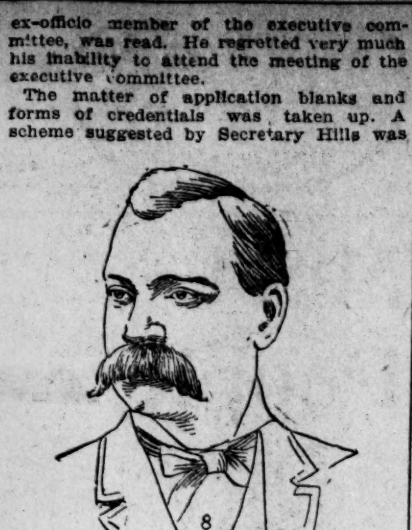

Augusta Wanted Them To Come South a Month Earlier.

THAT WAS BEFORE THE EXPOSITION

Of Course They Did Not Take to Any Such Idea, and Would Not Hear of It.

It was decided at the meeting of the executive committee of the International Association of Fire Engineers that the meeting of the association should be held October 7th to the 10th, inclusive, in Augusta.

A vigorous effort was made by Chief Roulett, of Augusta, to have the convention occur in Augusta on September 10th, but the executive committee would not hear to it. Every member of the executive committee was for a time in October and three members stated that if it came to a choice between attending the convention in Augusta or Atlanta's exposition, that

TREASURER D. G. LARKIN.  
Who Looks After the Association's Financial Interests.

adopted. There has heretofore been no special system as to the location of membership, but in the future this will be thoroughly regulated.

The giving out of badges was another matter discussed. It was decided that the executive committee alone could issue badges to members and exhibitors.

The date of the meeting. Secretary Hills announced that he had several letters here on the subject of the time suggested was the latter part of September and the first part of October. Chief Larkin then moved that the convention be held in Augusta on October 7th. This motion was seconded by Chief Sloan.

Just at this time, much to the surprise of the members of the executive committee, Chief Roulett, of Augusta, arose and asked to say a few words. He began by saying that the 7th of October was too late for the holding of the convention.

"We want you to come when everything is beautiful," he said.

No reference was made by him to the exposition. He handed to the secretary a number of letters from the mayor of Augusta, S. H. Cohen, the Young Men's Business League, the club there, and several other organizations, which asked that the meeting be set for that time—September 10th.

The gentle roast for Augusta. "I am sorry," said Chief Larkin, "that the mayor and citizens of Augusta have taken it in their hands to set the date of our convention. This is the first time in the history of our association that I've ever known of it. I want to come to the meeting, and I want to see Atlanta's great exposition."

"September is too early for this climate. I came to the Atlanta meeting and it was too warm even in the northern part of the state. Many will not come to the meeting if it is held in September in accordance with the wishes of Chief Roulett."

Chief W. R. JOYNER.  
Chairman of the Executive Board.

They would come to the Cotton States and International exposition.

The decision upon the time of the meeting was the most interesting and the liveliest feature of the afternoon session yesterday. Those present at the meeting were Chairman W. R. Joyner, of Atlanta; Secretary H. A. Hills, of Wyoming; O. Treasurer D. C. Larkin, Dayton, O.; Chief M. S. Humphries, Pittsburg, Pa.; J. A. Archibald, Cincinnati, O.; Chief E. M. Carrell, Nashville, Tenn.; Chief M. Sloan, Mobile, Ala.

Chief L. M. Jones, of Macon, Chief F. J. Roulett, of Augusta, and Editor L. W. Clark, of New York, were the visitors present. Mr. Clark is the owner of The Freeman's Herald, of New York.

The first matter taken up for discussion was the selection of topics for papers and speeches for the convention. It was decided to name three chiefs for each topic and not to let any one of the three know who the other two were. The first topic was as follows: "The terrible loss of men attributed to faulty buildings; is it owing to the recklessness of the firemen in their zeal to do their duty? Is the cause in any manner attributable to errors of judgment of officers in sending men into seemingly safe, but which afterwards proved dangerous places?"

The second topic selected was: "Should not any city of size own and control its own waterworks; if not, why should the chief of the fire department have charge of the fire hydrants only in the winter instead of being vested with that authority at all times?"

The third topic selected was: "Is there any practical, successful substitute for the gravity battery for fire alarm purposes?"

The fourth topic was: "Chemical engines—their efficiency and benefits for volunteer service."

The fifth topic selected was: "The best method and appliance, founded upon practical experience, for entering buildings densely filled with smoke for the purpose of locating the seat of fire or for the purpose of saving human life?"

The sixth topic selected was: "The importance of increased fire protection by stand pipes, roof and interior."

This closed the matter of topics and three chiefs were selected for each one.

In Memory of the Dead. Since the Montreal convention there have been several fire chiefs who have died. It was decided that resolutions of regret should be prepared and the secretary was instructed to prepare the proper resolutions.

A letter from President Benoit, who is an ex-officio member of the executive committee, was read. He regretted very much his inability to attend the meeting of the executive committee.

The matter of application blanks and forms of credentials was taken up, and a scheme suggested by Secretary Hills was adopted.

The executive committee met at 10 o'clock this morning.

AN ELEGANT SUPPER was served by the executive committee at 10 o'clock this morning. The members of the committee there were present: Mr. King, President Charles Collier, of from a cross-roads hamlet to a city of 100,000; Mr. Miller, Mr. Clark, Mr. Harry Gilliam, Mr. Harry C. name of the Pioneer Citizens' Society, Mr. Anton Kott, Councilman of the City of New York, Mr. Jones, chief of the Macon fire department, and F. J. Roulett, chief of the Augusta fire department.

The members of the executive committee were Chief Joyner, chairman; Chief H. A. Hills, secretary; Chief D. C. Larkin, treasurer; Chief M. S. Humphries, Chief J. A. Archibald, Chief E. M. Carrell, Chief M. Sloan, and Major Edward Hughes, chief of the Louisville, Ky., department.

The table was handsomely decorated. Two pink ribbons flanked down to two candelabras in pink, and tied in an artistic fashion. A large basket of pink and white roses made the center piece and fern completed the picture. At each place was a boutonniere.

The courses were served in an elegant fashion, and were all that the most fastidious epicurean could desire. Just before the supper was served the light was turned out and a new drill was served in a new fashion. Alcohol was burned on it, and as Chief Joyner ladled it up the bowl streams of blue light lit up the table. The drink had very much the taste of pousse cafe, though not at all similar in appearance.

Mr. Clark Howie proposed a toast to the host, Chief Joyner, and to Mrs. Joyner, in a few pleasant words. Chief Joyner responded.

Altogether, the dinner was thoroughly enjoyable.

here until late yesterday. His name is Edward Hughes, of Louisville, Ky. He will come by all the members of the committee, and was given a letter of introduction by the executive committee, and will spend the time in Atlanta.

THE SOCIETY TAKES ACTION CONCERNING THE Semi-Centennial Celebration. Other Matters.

The men who have seen Atlanta grow from a cross-roads hamlet to a city of 100,000; Mr. Miller, Mr. Clark, Mr. Harry Gilliam, Mr. Harry C. name of the Pioneer Citizens' Society, Mr. Anton Kott, Councilman of the City of New York, Mr. Jones, chief of the Macon fire department, and F. J. Roulett, chief of the Augusta fire department.

Altogether, the dinner was thoroughly enjoyable.

SHE WILL LIVE IN ATLANTA.

Mrs. Hicken Has Decided To Locate Permanently In This City.

In the midst of the gay procession that pushed its way up the crowded maze of Whitehall yesterday morning was a pale-faced woman handsomely dressed. By her side was a man of medium height, who gazed eagerly about with a look that told that he was with the crowd, but not of it.

Occasionally the lady would bend down, whisper confidentially to her companion, then break out into a loud laugh, and then the passersby look and wonder. This hearty chattering met with a mild response from the man. He smiled feebly, then looked scared again.

It was difficult to believe that this happy looking woman had only a week before been released from a dingy, gloomy cell in a jail where she had been confined for nearly a year.

But it was Mrs. Hicken's way, for she is a wonderful woman, nervy, determined and forceful. When other women would tremble, Mrs. Hicken laughs and thrives.

Since her advent in Atlanta, just one year ago, Mrs. Hicken has led a career of interest. She has borne the brunt of battle and has come out victorious. At the beginning of summer she came to Atlanta in a light royal style and took rooms at the Aragon. Very frequently she went shopping, but instead of mixing with the throng on foot there was always at her disposal a stylish turnout, which she had ordered for the occasion.

These shopping expeditions were the cause of her trouble. She gave checks for her purchases, it is claimed, and it seems they were worthless. The matter first came to notice through the Bads-Neel Company, which had telegraphed to Ocala, Fla., upon which place the checks were drawn.

What followed is well known, the story having frequently been told in the papers. She was liberated a few days ago, and yesterday, happy in the release, which she always confidently predicted would come, she walked Whitehall street with her husband, happy and contented.

She is going to make her home in Atlanta and will probably achieve success in whatever she undertakes. She has not yet decided what she will do, but will make her home in the city.

COLONEL GLENN'S TRIP.

He Has Appeared Before the Supreme Court in Washington City.

Colonel W. C. Glenn is making one of the best legal fights of his life in seeking to remove the whitecap prisoners from the jurisdiction of the federal court.

His mission to Washington city, as outlined in The Constitution a few days ago, was to apply for a writ of habeas corpus for the purpose of arguing the legal points in the case before the supreme bench.

He conceived the idea of going to Washington as soon as the two whitecaps, John Quarles and David Butler, were convicted and sentenced to the penitentiary for ten years.

Having demurred to the jurisdiction of the court and this demurrer having been overruled by Judge Newman, it formed the basis of Colonel Glenn's visit to the supreme court of the United States. A demurrer was also filed in the murder branch of the case, which was overruled by Judge Newman, and Colonel Glenn set out for game with both barrels of his shotgun loaded.

A telegram now comes from Washington stating that Colonel Glenn has arrived on the scene of action and that Attorney General Olney has asked for three days in which to file the government's brief. This was granted and Mr. Glenn was given leave to file a counter brief if he saw fit. Mr. Glenn will remain here until Thursday. He expects to get a decision at this time of court.

It will likely be a week or ten days before Colonel Glenn returns to the city. He intends to make a strong argument before the supreme court, and it will, no doubt, be the effort of his life.

SUPREME COURT OF GEORGIA.

Order of Circuits, with Number of Cases Undisposed Of.

Criminal cases: 4 Blue Ridge, 10 Cherokee, 10 Rome, 10 Tallapoosa, 10 Stone Mountain, 10 Flint, 10 Columbus, 10 Chatahoochee, 10 Macon, 10 Patuxent, 10 Northwestern, 10 Western, 10 Albany, 10 Southern.

Proceedings Yesterday.

Central Railroad and Banking Co. v. East Tennessee, Virginia, and Georgia Railway Co. Transferred to heel of Macon circuit.

James T. Ross v. William H. Cornell. Argued.

T. J. Massenburg v. Bibb county commissioners. Argued.

Adjoined to Monday next. Criminal cases will be heard on the 6th. The Oconee circuit will be called on May 27th, and the call will proceed through the Atlanta circuit.

## WILL WRITE HISTORY

Every Member of the Pioneers' Society Will Write What He Knows of Atlanta.

AN IMPORTANT MEETING LAST NIGHT

The Society Takes Action Concerning the Semi-Centennial Celebration. Other Matters.

The men who have seen Atlanta grow from a cross-roads hamlet to a city of 100,000; Mr. Miller, Mr. Clark, Mr. Harry Gilliam, Mr. Harry C. name of the Pioneer Citizens' Society, Mr. Anton Kott, Councilman of the City of New York, Mr. Jones, chief of the Macon fire department, and F. J. Roulett, chief of the Augusta fire department.

The members of the executive committee were Chief Joyner, chairman; Chief H. A. Hills, secretary; Chief D. C. Larkin, treasurer; Chief M. S. Humphries, Chief J. A. Archibald, Chief E. M. Carrell, Chief M. Sloan, and Major Edward Hughes, chief of the Louisville, Ky., department.

The table was handsomely decorated. Two pink ribbons flanked down to two candelabras in pink, and tied in an artistic fashion. A large basket of pink and white roses made the center piece and fern completed the picture. At each place was a boutonniere.

SIXTY LOTS AT AUCTION

The Closing Out Sale of the

Equitable Land Company's Property.

Wednesday, May 1, 1895.

Beginning at 10 o'clock A. M.

This property is well known. We sold fifty lots on the 27th of March last, and fully half of them have since changed hands at an advance of from 10 to 25 per cent. The balance will be sold just as the others were. Those who were at our former sale know that every bid was made on the merits of the property. The same rule will be rigidly enforced at our next sale. We show plots at our office and will furnish any one wanting to look over the property. We know we shall have to sell the property cheap, but the orders have been given to close up, so if you want to buy cheap property, look out for our sale.

Terms—one-third cash, balance 6, 12 and 18 months at 8 per cent interest, which is payable semi-annually.

Remember we begin promptly at 10 o'clock A. M.

Lunch served on the grounds.

J. C. HENDRIX & CO.

TURMAN & BARNETT.

Real Estate and Loans.

\$9,000 for choice Peachtree lot, 90x200 feet \$10,000 for central property, rents \$750 per year, near Equitable building and Peachtree street.

\$10,000—Choice lot, 100x150 feet, lot 100x150 feet, corner lot, Washington street, east front, all street improvements, first-class

## TWO WEDDINGS

In Which Society is Interested Occur  
This Evening.  
SOME SOCIAL NEWS AND GOSSIP

The Church of the Immaculate Conception  
Bazaar—Other Events—Gossip About  
People You Know.

This evening at the residence of Captain Henry Jackson Miss Cornelia, his daughter, will be united in marriage to Mr. Wilbur Moore. The bride's grandparents, General and Mrs. Jackson, of Savannah, are in the city to attend the wedding ceremony.

At 6:30 o'clock this evening the marriage of Mr. Ed Chamberlin and Miss Kate McCarthy will take place at the Central Presbyterian church.

An interesting bit of information to the music lovers of Atlanta is that Mr. George Rashide, a well-known young man, who has spent much time in Atlanta with relatives, wrote the Easter music for Trinity church choir at New York. Mr. Rashide is a nephew of Mrs. P. H. Snook, and is a charming and cultured young man of marked musical ability.

Mrs. Henry H. Smith left the city Saturday for New York, where she will be entertained by Mrs. Appleton, her niece, who has a beautiful home on Fifth avenue.

Mr. and Mrs. P. H. Snook are preparing to move out to Seven Oaks, their beautiful country home at Edgewood.

Mrs. Vaughn and her two interesting children are spending some time with Mrs. R. B. Ridley.

The ladies' bazaar opens today at the convent of the Sisters of Mercy, on Loyd street. The donations are numerous and handsome and the tables and booths are correspondingly pretty and attractive. It is impossible to describe the many lovely creations which will be displayed and the ladies ask all their friends to call and see for themselves.

Beginning at 12 o'clock today regular dinners will be served, and suppers will also be furnished at the usual hours. The department is in most competent hands and should be immensely popular.

The special attraction at the bazaar today, however, will be the musical program, which will be rendered at 2 o'clock this evening. Though the indefatigable efforts of Mrs. O'Brien the very best talent in the city will take part in tonight's entertainment. Signor Rindgeger will give one of his marvellous recitals, while Mrs. O'Brien, Mr. Pigott and Mr. Walter Harrison will furnish the vocal numbers. Mrs. O'Brien's rich, soft contralto is well known to Atlantians, while Mr. Pigott and Mr. Harrison are equally appreciated by the music loving public. Another feature of the evening will be a humorous recitation of Mr. Ed Brown.

Miss Marie Thomas, of Rome, is seriously ill at Capital Female college. There has been no change in her condition for several days.

The Inland Architect and News Record, a high class publication from Chicago, sends out with its last number an elegant large half-tone picture of the monument recently erected to Mr. John Welborn Root, the brilliant young architect who conceived the plan of the world's fair. The monument in question is a magnificently carved piece of marble, cut into the shape of a cross. The carving was done by the artist and is artistic and imposing looking. Mr. Root was a son of Major Sidney Root, of Atlanta, and was a notably brilliant man.

Mr. C. V. Benthysen, of New York, is in the city. Mr. Benthysen is one of the finest tenor singers in the country, and held first tenor place in the largest Presbyterian church in New York for many years. He is traveling through the south in the interest of The Benthysen Mission, and represents a very prominent firm.

Miss Louise Speer and Miss Annie Speer will give a delightful picnic at Grant park next week, complimentary to their young friends.

Miss Annie Fitter will give an informal dancing party Friday evening of next week at the residence of her father, Major John Fitter.

Mrs. Don Bain will visit New York next week to visit her sister-in-law, Mrs. Frank Ellis.

Mrs. Charlotte Peck will return from Maccon next Saturday.

Mrs. Louis Stevens left the city today for Maccon, to attend the wedding to be given by Mr. and Mrs. Lee Jordan, on Wednesday evening.

Mr. Gordon Kiser and Mr. Will Kiser have returned from New York and Chicago.

The ladies of LaGrange are going to publish a woman's edition of The Reporter the 1st of May, for the benefit of the woman's board.

Miss Collins and Miss Fannie Collins gave a delightful party last night to the Misses Wheeler, of Alabama, who are their guests at their home, Ormwood park. The Misses Wheeler are daughters of General Joe Wheeler.

Mrs. A. W. Calhoun has returned from a pleasant trip to Savannah.

Mr. Robert Robbins and Miss Annie Peacock will be married Wednesday evening at the home of the bride's parents, Miss Eva Quinn will act as maid of honor.

Winder, Ga., April 22.—(Special).—The grandest success in the history of Winder was the ball Friday night tendered by the young men to their friends. Quite a number of society young people from Monroe, Athens and Jefferson were in attendance.

## CURZON-LEITER.

A Swell Wedding in Washington Yesterday Morning.

Washington, April 22.—At St. John's Episcopal church, this morning, George Nathaniel Curzon, member of parliament of England, and Miss Mary Victoria Leiter, eldest daughter of L. Z. Leiter, the Chicago millionaire, were married in the presence of the British ambassador, Mrs. Cleveland and a large and distinguished company, including guests from England and leading cities in this country.

In accordance with the wishes of the bride the church was not elaborately decorated. A few palms were placed in the chancel and some spring flowers scattered about the altar. The full choral and organ service was rendered by the choir.

The programme commenced with "Epi-thalame," from "Romeo and Juliet," followed by "O, Perfection" and "Elsa's Dream," from Wagner, and the bridal chorus, "Faithful and True," from Lo-hengrin, as the bride party entered the church.

Previous to this Bishop Talbot, of the Wyoming diocese, an official of the family, entered the church from the vestry with Dr. Mackay-Smith, pastor of the church, followed by the groom and his best man, Lord Leamington. The ceremony was performed by the bishop. Mr. Curzon stood just at the entrance, while the bride-to-be made her way down the aisle on the arm of her father, preceded by the bridesmaids and her two sisters, Miss Nanny Leiter and Miss Daisy Leiter, who were the only bridesmaids.

The groom advanced a few paces to meet the bride and led her to the chancel, where marriage service was read by Bishop Talbot, after which, entering his church, they stood before the altar to receive the final benediction.

As Mr. and Mrs. Curzon passed out the choir sang the "Hallelujah" chorus, from Handel, and the recessional anthem, "Thee, Oh, Father, I Praise on High," from Hayden.

A wedding breakfast was served at the Hotel Hamilton, at 10 o'clock, at which the guests were limited to 150 relatives and nearest friends.

## STATE AT MERCER.

Girls from Wesleyan Attend and Inspire the Collegians.

Mercer University, April 22.—(Special).—There was a hotly contested debate last Friday night between the law class of Mercer and the Clermontian Society.

The subject discussed was, "Civilization Has Increased Human Happiness." The public was invited, and, as a consequence, the house was well filled. Card's orchestra made music for the occasion.

Among the audience was a delegation from Wesleyan headed by two of the professors. The appearance on the scene of these young ladies wearing streamers representing the colors of Mercer, led much to the occasion and inspired the speakers to greater efforts.

The debate lasted for two hours. The judges after remaining out a few minutes declared that the negative side had won the debate.

The speakers of the occasion were: Affirmative, Clermontian—H. J. Moncrief, W. M. Osteen and A. Y. Napier. Negative, law class—W. E. Martin, R. K. Hines and M. H. Ayer.

On April 22 there will be an excursion to Milledgeville given for the Mercer boys. During the day a game of baseball will be played between the teams of Mercer and the military institute of that place.

During a recent revival in the First church here about twenty of the students professed and were baptized.

## SUIT FOR DAMAGES.

Samuel Crane, of Columbus, Brings Action Against David Rothschild.

Columbus, Ga., April 22.—(Special).—Samuel C. Crane filed suit today in the superior court against David Rothschild, a well known clothing merchant, for \$20,000 damages to his character. Crane was disgraced by the superior court some months ago and Rothschild took a prominent part in the proceedings. Crane charges malicious prosecution, false imprisonment and defamation of character. He has employed strong legal counsel and will make a plea in his defense.

It is alleged that Rothschild, who is well to do, "the case will be given a rehearing in the cause which resulted in his being disgraced."

A special telegram to The Enquirer-Sun brings information of the complete destruction of the barn and contents, comprising several hundred bushels of corn-fodder, a lot of agricultural implements, etc., early yesterday morning, belonging to Captain E. C. Perry, at Greenville, Ala. Horse and team were saved with difficulty and the main dwelling had a narrow escape. Considerable loss was occasioned by removal of furniture. The fire originated, it is supposed, from a spark dropping from a pipe which a negro had been smoking in the barn late Saturday night. There was no insurance.

Miss Elizabeth Yates delivered a lecture at the opera house tonight on female suffrage. She was introduced by Mayor Slade in a pleasant manner and received by an audience of about two hundred. Her lecture was listened to with great interest.

## THE NEW BRIDGE.

The Broad Street Bridge Contract Has

Been Approved by Mayor King.

The mayor and general council have approved the contract made with the Edgewood Bridge Company, of Wilmington, Del., by the bridge committee of the council for the erection of the new Broad street bridge, and the work of construction will be commenced shortly and pushed to a rapid completion.

The contract calls for the completion of the bridge by September 1st and stipulates that traffic over it will not be entirely impeded during the construction of the bridge, the company guaranteeing the use of one side of the old bridge while half of the new one is being erected and vice versa.

The bridge will be a strong and substantial one, built of iron and steel, and will cost the city \$22,000 when completed. It will be forty feet wide and will accommodate two street car tracks, giving plenty of passage way for vehicles and allowing a fifteen-foot sidewalk on either side.

sifted with the powder, in bowl, add suet and water; mix into smooth, rather firm dough.

PASTE NO. 3.—Three cups sifted flour, 1/2 cup lard, 1/2 cup butter, 1/2 cup sugar, 1/2 cup water. Roll out into thin sheets, cut into squares, mix into smooth, rather firm dough; mix into smooth, rather firm dough; mix into smooth, rather firm dough.

PASTE NO. 4.—Five cups flour, 1 cup butter, 1 cup lard, 1 cup sugar, 1/2 cup water. Roll out into thin sheets, cut into squares, mix into smooth, rather firm dough; mix into smooth, rather firm dough; mix into smooth, rather firm dough.

PASTE NO. 5.—Three cups sifted flour, 1/2 cup lard, 1/2 cup butter, 1/2 cup sugar, 1/2 cup water. Roll out into thin sheets, cut into squares, mix into smooth, rather firm dough; mix into smooth, rather firm dough; mix into smooth, rather firm dough.

PASTE NO. 6.—Three cups sifted flour, 1/2 cup lard, 1/2 cup butter, 1/2 cup sugar, 1/2 cup water. Roll out into thin sheets, cut into squares, mix into smooth, rather firm dough; mix into smooth, rather firm dough; mix into smooth, rather firm dough.

PASTE NO. 7.—Three cups sifted flour, 1/2 cup lard, 1/2 cup butter, 1/2 cup sugar, 1/2 cup water. Roll out into thin sheets, cut into squares, mix into smooth, rather firm dough; mix into smooth, rather firm dough; mix into smooth, rather firm dough.

PASTE NO. 8.—Three cups sifted flour, 1/2 cup lard, 1/2 cup butter, 1/2 cup sugar, 1/2 cup water. Roll out into thin sheets, cut into squares, mix into smooth, rather firm dough; mix into smooth, rather firm dough; mix into smooth, rather firm dough.

PASTE NO. 9.—Three cups sifted flour, 1/2 cup lard, 1/2 cup butter, 1/2 cup sugar, 1/2 cup water. Roll out into thin sheets, cut into squares, mix into smooth, rather firm dough; mix into smooth, rather firm dough; mix into smooth, rather firm dough.

PASTE NO. 10.—Three cups sifted flour, 1/2 cup lard, 1/2 cup butter, 1/2 cup sugar, 1/2 cup water. Roll out into thin sheets, cut into squares, mix into smooth, rather firm dough; mix into smooth, rather firm dough; mix into smooth, rather firm dough.

## A CHARGE OF LIBEL

Editor Stein Arrested on That Charge Yesterday Afternoon.

A WRIT OF HABEAS CORPUS FOLLOWS

It Will Be Disposed of Before Judge Lumpkin This Morning—Solicitor Fits Is Here.

Editor Orth Stein, of The Locking Glass, was arrested yesterday on a warrant charging him with libel.

The arrest was made by Sheriff Griffin, of Bartow county, who reached the city yesterday morning, and the warrant was sworn out by William Graham, of Cartersville.

The warrant is based upon an article in last week's Locking Glass in which reference was made to certain incidents in which Mr. Graham is supposed to have figured. No name was mentioned in the publication.

A few weeks ago there was a similar warrant against Editor Stein. He was arrested on a warrant sworn out in Madison charging him with libel. This warrant has also been disposed of by Judge Lumpkin, without names, in The Locking Glass.

Editor Stein fought the Madison warrant and demanded that an indictment be found against him by the grand jury of the county in the morning. He was released on bond for \$10,000, which was accepted by the sheriff, and Editor Stein was permitted to remain in Atlanta and conduct his paper.

He may have a more difficult task in this instance, however, as there seems to be a determination to take him to Cartersville for trial. It was probably surmised that Editor Stein would not permit himself to be taken to Cartersville without first making strenuous application to the law. The prosecution in the case was prepared for an entrance into the legal field.

Along with Sheriff Griffin came Solicitor A. W. Fite, of Cartersville, to assist the sheriff in any legal complications that might arise. Sheriff Griffin would not accept of a bond from Editor Stein and asked him to go to jail in Cartersville.

Friends of the editor took out a writ of habeas corpus and this issue of the case was set for a hearing before Judge Lumpkin at 8:30 o'clock this morning.

Solicitor Fite is of the opinion that the bond which Editor Stein gave in the Madison case is entirely worthless and that the sheriff had not the slightest legal right to accept it, as the matter of naming the amount rested with the judge of the court from which it was issued. On the other hand, Editor Stein will take the same position that he did in the Madison case and that Editor Charles A. Dana did in his recent case. Editor Stein contends that The Locking Glass is published in the city of Atlanta and that it is in this city that all proceedings should be had. He does not believe that he can be taken to Cartersville for trial.

In the meantime, Judge Lumpkin has an interesting case awaiting a hearing and a decision.

## PUNISHING CRIME.

Judge Richard Clark Opened Criminal Superior Court Yesterday.

Criminal superior court opened yesterday morning with Judge Richard Clark presiding and Solicitor Hill in charge of the state's side of the various cases.

When the jail birds were brought in before the court they made a queer assortment. Some of them were as old as forty and many were not more than twelve or fourteen. All of them had the same air of rakishness or well-forged innocence.

George Wilson, whose name is not unknown to most readers, was called up for trial. He was charged with burglary. It seems that Wilson was captured by Mr. R. Allen. Wilson said that the door of the residence of Mr. Allen was open and that he was hungry and went in to get something to eat. He said that he had only been in Atlanta three days and could get no work.

Solicitor Hill was inclined to be lenient with Wilson, but Mr. Allen testified that Wilson had a diary which showed that he was away from home for at least a month. Judge Clark was inclined to view Wilson's offense in a serious light and gave him five years in the penitentiary.

Ragged to ridiculousness, Kid Reed, who is much older than his name would lead you to believe, was called up for trial. He was charged with burglary. It seems that Wilson was captured by Mr. R. Allen. Wilson said that the door of the residence of Mr. Allen was open and that he was hungry and went in to get something to eat. He said that he had only been in Atlanta three days and could get no work.

Will Wood, who is an accomplished kleptomaniac, was sentenced to one year in the penitentiary yesterday. While Wood was in jail he stole a number of articles from the other prisoners. He said that it was natural for him to steal.

## In the Civil Superior Court.

Before Judge Lumpkin yesterday the case of John L. Conley against Keuben Arnold, R. K. rule and "Practical Law," for \$10,000 damages was taken up. In a former trial in the superior court the plaintiff was awarded the sum of \$10,000. The suit, it was appealed to the supreme court and a new trial granted.

## A Successful Raid.

Winder, Ga., April 22.—(Special).—Near the line of Gwin and Walton counties Revenue Officers Trammell, Bomer, Cornett and Bernard captured on Saturday two illicit distillers, 3,000 gallons of beer and a large quantity of singlings and whisky, two large stills, cups and worms. In full blast. They were turned over to the marshal, J. T. Bowen and Miles Foreman, who were taken to Athens and bound over to the United States court by Commissioner Kennebrew.

Before Judge Lumpkin yesterday the case of John L. Conley against Keuben Arnold, R. K. rule and "Practical Law," for \$10,000 damages was taken up. In a former trial in the superior court the plaintiff was awarded the sum of \$10,000. The suit, it was appealed to the supreme court and a new trial granted.

## THE PASSING THING.

Mr. John Barker is a prominent banker of Toledo who has discovered Marietta and is profiting by it. Several winters ago when he was suffering from rheumatism and the doctors wanted to send him to Mount Clemens to take the baths there, he rebelled. He said what he needed was to find a place where he could move about, and when a friend who knew talked of Marietta, he determined to try it on. He went there, in a week or two was able to throw away his crutches, and he has since been a well man. He now has a hundred acres near the little city, comes down every winter, and makes his Buckeye friends envious by talking of his Georgia plantation and the cotton he raises.

Mr. Barker, who came down to consult with the exposition people about sending a lot of literature to the Ohio manufacturers, was giving his views on the exposition outlook. "Our manufacturers have no idea of the opportunity this will give them," said he. "I have been amazed at the strides that have already been made and am going back to tell my friends at Toledo that if they let this opportunity to advertise their affairs go by they will regret it. There have been ideas of the scope of the fair. People have been interested in the fact that there was to be a southern exposition, but our manufacturers have not, as I said, appreciated its possibilities to them."

Mr. Barker is one of the old guard of Ohio democrats. Despite the overwhelming republican victories in the recent elections, he has not lost his faith in democracy.

Of course, it is true that many democrats were disgusted with the work of the last congress and that, in my opinion, is the main reason for the overwhelming republican victories in the congressional campaign. It has been estimated that ninety or a hundred thousand democrats staid at home at that election. In our local elections since, most of which went republican, the American Protective Association was the moving power. There is a Mr. Barker, a strong hold just now, but it will die out in time."

Mr. Barker is not an admirer of Governor McKinley. He says that while McKinley will undoubtedly have the election, in the republican national convention, a great many republicans are not at all strong for him. They do not regard the governor as a strong or able man. The democrats criticize his administration of affairs of state and declare that it shows neither the stability and executive ability which a governor or a president should have in a high degree.

"We don't think he will be nominated," added Mr. Barker. "I mean by that the democrats, and very many of the republicans, agree."

Mr. Tom Brumby, one of the most prominent citizens of Marietta, puts it this way: "Cobb county is overwhelmingly in favor of the free and unlimited coinage of silver. There is absolutely no question of that. As for myself, I shall certainly not vote for any man who does not stand on that platform. I am going to vote for the free coinage candidate for president, no matter what party he represents. I feel positive, however, that he will be the democratic candidate, for I believe the democrats will come out squarely on the side of the money of the people."

General William Lee, of New York, who has been in the city for several days, left yesterday afternoon for Columbus. The general is a well-known merchant of the metropolis and has for years been a warm friend of Major Dodge, now the manager of Atlanta's beautiful Aragon.

He told a new story on Dodge. "It was at the world's fair," said he, "the day President Cleveland was there. A party of us, including this man you have just named, were taking in the sights. When we struck that crowd of fakirs in Cairo street we decided to queer them by making them believe that Dodge was President Cleveland. Such obsequiousness you never saw. And when he presented himself descended to favor the children of the sultan by taking a ride on one of the camels, they brought out some brilliant white trappings which they explained were only for occasions of extreme heat. We got him on with difficulty, and the Turks made a regular bridal procession of his ride through the streets. Before he got back some fellow gave the snap away and we were all scattered. As it was the funniest thing I ever saw, as every fellow had to have his ludicrous feelings healed with a liberal tip."

Lee gets his title of "general" through his close resemblance to General Fitzhugh Lee. His war service consists in an exemption—from jury-duty membership in some New York military organization.

"I don't know how it is elsewhere, but I do know that everybody up our way is for the free and unlimited coinage of silver," said Mr. Lee. "I find in Leander Richardson's great column of the 10th of the New York Morning Journal. Here is the way Richardson tells it:

"I saw Warren Leland walking up Broadway the day or two ago. He is the same beaming, good-natured 'young Warren' all seaside hotel patrons have known. He is a living exemplification of the old proverb, 'Laugh and grow fat.' Yet, here in his capacity of grand master of the Masons of Georgia, conducting the corner stone exercises at the exposition grounds.

The mention of Dodge recalls a story on Warren Leland, the new manager of the Kimball, who I find in Leander Richardson's great column of the 10th of the New York Morning Journal. Here is the way Richardson tells it:

## TAKING CHANCES.

## CAPITAL CITY CLUB

Holds its Annual Meeting and the Members Are Happy.

Wonderful Advances Have Been Made

The Club Has No Floating Indebtedness What the Governing Committee Has Done.

The annual dining of the Capital City Club was given last evening to the members.

Never in the history of this splendid social organization was there such a brilliant anniversary as that which lighted up the palace of the organized society of Atlanta last night.

The executive session was held in the ballroom of the club at 8:30 o'clock. It was one of the most satisfactory business meetings ever held under the roof of the famous old Capital City Club, for each and every one of the reports of the officers and the chairmen of the various committees was such as inspired encouragement and pride in the affairs of the club.

Major Livingstone Mims, the distinguished president, made report of the general movements of the organization for the year past. He said at no former time in the history of the club had he been so proud to report as president the wonderful advances that had been made and the healthful condition of its finances. He said the club had undertaken the vast improve-

ment enjoyed from the tables of the club and was partaken of by a large attendance of members.

After the dainty viands had claimed the attention of those present—viands that won for Superintendent F. L. Siegel and Mrs. Siegel, the celebrated chefs, additional

MR. CHARLES W. CRANKSHAW,  
Chairman of the Governing Committee.

honors—the members were inclined to wit and wisdom and many speeches of a bright and sparkling nature were heard.

**Colonel Adair Grows Reminiscent.**  
Colonel George W. Adair was the first called on and made a splendid and witty talk to "the boys," of whom he said he was which.

Then there were calls for Captain English, who sat at the head of the table fronting Major Mims. Captain English made a strong speech and in response to the pleasantries of the former speaker concerning the chairmanship of the police commission he said that the people of Atlanta might rest safe that their interests would be well guarded in the hands of the present chairman. He said, however, that he hoped the police force would be lifted out of politics. This caught the applause of all present.

Then there were calls for Mr. Clark Howell, who, in a graceful speech, praised the Capital City Club for its great part in the rebuilding of Atlanta and complimented Major Mims for his excellent management as president.

When called upon Major Mims made a splendid speech concerning the welfare of the club. He was loudly applauded.

Dr. Hunter Cooper was next called for and made a happy hit with a two minutes' speech.

Hon. William P. Hill was the next speaker called for and he in turn made a good speech, which caught the crowd.

Mr. Charles E. Harman was called on and made a brief talk, which was highly enjoyed.

Then came Mr. Charles Patten, Captain Bailey, from Port McPherson; Judge Lumpkin, Carroll Payne and others.

In the meantime while all of these bright speeches were going on in the main wing of the cafe there were others which caused equal merriment in an adjoining wing, the echoes of which were exhilarating.

The election of officers of the club will occur today, and while there will probably be no changes made in the present list of officers, the interest in the election runs high.

The club was never in a more prosperous condition than at the present time.

**BEGINS DAY AFTER TOMORROW.**

**The Southern League Season Commences Thursday Afternoon.**

The southern baseball season will open Thursday afternoon, and the admirers of the great game are looking forward to the day with anxious anticipations.

The coming season promises to be one of the most successful during the history of southern baseball, and, from the indications, it will be one of the hardest fought contests for the championship which has ever taken place.

The clubs in all the cities are in excellent shape and good condition for the opening games and when the umpires call time Thursday, the players will take their places greeted by large audiences, much enthusiasm in the game having already been aroused by the practice games which have been played during the past month.

Manager Knowles's Atlanta team is in a most promising condition and the boys are all eager for the fray to begin, the recent games having opened their appetites for the contest, and that, with the additional incentive of the championship contest looming up before them, will insure a good hard fight for success on the start-off game.

The Chattanooga will be the opposing team on the opening day and with the "Noogian" players will come a big crowd of "Noogians" with a determination to applaud their favorites into scaping the nine who will be put on the field by Manager Knowles.

Previous to the opening of the game both the Atlanta and Chattanooga clubs will parade through all the principal streets of the city, in uniform, escorted by a band of music.

The grounds and grand stand have been placed in readiness for the reception of the big crowd which is sure to go out, and the local management will leave nothing undone that would contribute to an auspicious opening of the season.

A large number of invitations to prominent citizens to be present and witness the first game, and many acceptances have already been received.

Governor Atkinson and Mayor King have accepted invitations and will be present, and many members of the general council and other officials and prominent citizens will go out.

It was announced that the local club and the McPherson barracks team would play a game yesterday, but the McPhersons failed to make an appearance, to the disappointment of quite a crowd which had gone out with the expectation of witnessing a good practice game.

There will be no more games until the opening on Thursday, but the locals will put in the intervening time in exercising and practicing among themselves.

**Rain Postpones Games.**

Washington, April 22.—Rain postponed the baseball game at Washington with Boston, at Baltimore with Philadelphia, and at New York with Brooklyn. No others were scheduled.

**ON THE RACE TRACKS.**

**The Ironmaster Wins the Tennessee Brewing Stakes at Memphis.**

Nashville, Tenn., April 22.—The first two races at Cumberland park today were run in a drizzling rain, but the track was left in good condition. Favorites won two, a third choice one, and outsiders two of the races. Ben Wilson and Buckle finished so close together in the first race that the judges could not separate them and it was declared a dead heat. The run off was easily won by Ben Wilson, who finished pulled up by three lengths. The second race furnished an exciting finish, the first six horses being in a bunch.

Wilson and Buckle ran a dead heat; Gee Whiz third. Time, 1:17. In the run off Ben Wilson won easily. Time, 1:18. Second race, four and a half furlongs, selling, Maid of Honor won, Faust second, Nancy T third. Time, 59.

Third race, four and a half furlongs, Minnie Clyde won, Bramble Leaf second, Sister Mollie third. Time, 56. Fourth race, six furlongs, The Reaper won, Metropole second, Buck Massie third. Time, 1:44.

Fifth race, one mile and a sixteenth, selling, Lena Frey won, Tascos second, Paytonia third. Time, 1:49.

**Took No Notice of It.**

Washington, April 22.—The United States supreme court today took no action on the petition for a rehearing in the income tax case.

## TO CHANGE THE SITE

The Woman's Building May Be Built on the Driving Club Grounds.

A COMMITTEE APPOINTED YESTERDAY

The Question Will Be Determined at Once The Building Will Take the Place of the Club House.

From the charming height now crowned by the clubhouse of the Piedmont Driving Club the woman's building will doubtless look down upon the exposition.

A movement started yesterday morning by President Collier, and at once put into execution, meeting with hearty commendation on every hand, will almost certainly result in the change of location.

After the laying of the corner stone of the woman's building yesterday afternoon, there was a special called session of the directors to consider the proposed change, and a committee of four, of which President Collier is chairman, was appointed to take up the matter and take immediate steps to make a satisfactory arrangement by which the change may be made.

The idea of making the change in the site of the woman's building only originated yesterday morning, but no thought ever met with more enthusiastic reception. The proposition involves some radical changes in the present plans of the exposition and of the driving club.

The change will add greatly to the appearance of the grounds and will be of benefit to all concerned. If the change is carried out the driving clubhouse will be torn away and the woman's building erected on that site. There is every reason to believe that the proposition will be carried out.

The first suggestion of a change was made yesterday morning by President Collier. For some time he has been dissatisfied with the location of the building. The building site is not a commanding one, and obstructs the view from several of the buildings. On this ground it has often been objected to, both by the ladies' board and by others connected with the exposition.

The site of the building is just to the southeast of the manufactures building, and west of the transportation building. The site is lower than that of almost any other building on the grounds.

Yesterday morning President Collier took up the matter of the change and before he had talked to a dozen persons about it, it was found that the change would be highly popular. Those of the woman's board who were spoken to concerning it, highly indorsed the suggestion, and it was decided that a meeting should be held at once to consider the matter.

A special session of the executive board was called for yesterday afternoon at 5:30 o'clock, to be held in the driving clubhouse after the laying of the corner stone. There was a large attendance of the members of the board and the matter was thoroughly discussed. The sentiment of the board was almost unanimous in favor of the change.

It was shown to the board that the site of the driving club would be much better for many reasons. In the first place, it is proposed to erect the woman's building on a permanent basis and the house will stand for years. The ground upon which it is built is only leased for a term of three years and at the expiration of that time it will revert to the owners. The disposition of the building would depend upon the agreement reached by the ladies and the owners of the site.

In the next place the site of the woman's building is not a satisfactory one, whereas the site of the clubhouse is a splendid one. Then again, the driving club property, as it stands, does not harmonize either in arrangement of grounds or in style of architecture with the general style of the exposition. It was the idea of Mr. Collier that with the handsome woman's building upon the commanding elevation now occupied by the clubhouse the view would be greatly enhanced. The idea was favored by all and after the matter was discussed in all its bearings it was decided to refer the entire matter to a committee.

The committee appointed consists of President Collier, Frank P. Rice, Jack J. Spalding and Mr. Grant Wilkins. This committee will at once see all the parties interested and will determine to make a report this afternoon at the meeting of the executive board.

The exposition proposes to tear down the present clubhouse entirely and build the woman's building where it stands.

These large rooms are to be set apart for the use of the members of the driving club. This, it is thought, will answer every purpose. After the close of the exposition the woman's building will revert to the club on such conditions as will be agreed upon. The club members seem very favorably disposed toward the proposition. Mr. James McKeldin, president of the club was at the meeting yesterday, but had nothing to say regarding the matter.

The ladies are very much in favor of the change and it will no doubt be made.

**A Coal Trust.**

Ottumwa, Iowa, April 22.—The Mystic Coal Field, at Mystic, this state, has been organized. This is the largest organization for the mining and marketing of coal in Iowa, and perhaps in the world. It will consolidate twenty-three mines at eight different towns with an output of over 1,000,000 tons of coal per year. It was organized for the purpose of keeping up the price of coal and for economizing in operating.

**UP TO DATE PHYSICIANS.**

**Dr. Hathaway & Co.'s Marvelous Success in the Treatment of Special Diseases of Both Men and Women.**

"Skill and Honesty" is the motto of Dr. Hathaway & Co., and it is by living up to it that they have attained their marvelous success in the treatment of delicate diseases of both men and women. Their cures are genuine and the number of grateful patients who bless Dr. Hathaway & Co. reaches many thousands.

Many of these patients were, in their own opinion, beyond human aid. They had used nostrums and "cures" so far from helping them, only had an injurious effect. They had almost lost hope when, fortunately for themselves, they applied to Dr. Hathaway & Co.

These eminent specialists can be consulted free of charge. Write to them, fill out the blank they furnish and you will receive free an expert opinion on your case. Your time and money will be saved, to say nothing of the suffering which follows delay and the continued use of worthless remedies.

They employ a staff of experienced physicians, graduates of the best medical colleges and all specialists in the diseases which they treat. They learn not only from books, but from the thousands of cases which in great variety of forms come under their care. Dr. Hathaway & Co. are up to date. They are bound neither by old fogy methods nor by cast iron rules. They give their patients the benefit of the newest discoveries and the most advanced skill and science. Many thousands of letters have been received by them from grateful patients. Dr. Hathaway & Co. are considered to be experts in the treatment of private diseases and are without doubt the leading specialists in the line of diseases which they make a specialty of. Consultation free. Specialties—Syphilis, blood poisoning, nervous diseases, hydrocele, stricture, varicose, pimples, piles, night emissions and diseases of women. No. 1 for men, No. 2 for women, No. 3 for skin diseases, No. 4 for catarrh. Call on them or address them.

## WITH THE RAILWAYS

Meeting of the Rate Committee of the Passenger Association.

ALL THE G. P. A'S COMING TOMORROW

Mr. Barbour Thompson is Here - Liti-gants Against the Southern Will-ing to Withdraw.

The rate committee of the Southern States Passenger Association will hold its first meeting in this city tomorrow at the rooms of the association in the Equitable building. The meeting will bring together all the leading general passenger agents in the south who are members of the association, including General Passenger Agent W. A. Turk, of the Southern; Passenger Traffic Manager B. W. Wrenn, of the Plant; General Passenger Agent McDonald, of the Florida Central and Peninsular; General Freight and Passenger Agent Jackson, of the Georgia railroad; General Passenger Agent C. E. Harman, of the Western and Atlantic; General Passenger Agent C. P. Amore, of the Louisville and Nashville; Assistant General Passenger Agent S. H. Hardwick, of the Southern; General Passenger Agent Hale, of the Central; General Passenger Agent John A. Gee, of the Atlanta and West Point, and many others.

It will be a full attendance and the work of the committee will be the most important that has been brought up for a long time before that body.

It being the first meeting of the rate committee of the passenger association since the new commissioner, Mr. W. W. Findley, has come to take charge of the work, more than usual interest is manifested in the duties before the passenger agents. It will be the first meeting of any kind that Commissioner Findley will have presided over since he was elected to his present office and will bring him face to face with the new acquaintances he will have to make.

The chief work of the committee, according to the table of listed subjects for consideration, will be the revision and adoption of the rules for the government of the rate committee of the association. Since the old Southern Passenger Association died out and the new Southern States Passenger Association was formed the rules of the former organization have been agreed to for the purpose of bridging over until the next meeting of the committee, when they are to be revised and changed in whatever particular may be deemed wise by the committee.

It is thought that the summer tourist rates will be the next most important matter before the rate fixers. They have not as yet made out the list for the summer pleasure seekers, which are usually put into effect the 1st of May. It is probable that the old rates of last year will not be changed to any particular degree, and that they will remain in vogue pretty much as they were last year and year before.

The present basis of summer tourist rates is for distances over 150 miles 4 cents a mile for the round trip, and for distances less than 150 miles 5 cents for the round trip.

This is a most acceptable reduction for those who seek pleasure and health during the summer months at the resorts of the country. The regular fare would be 5 cents a mile each way.

The Association Gaining Strength.

The Southern States Passenger Association has been gaining strength during the past few days.

It is known that when it was first reorganized there were many lines that failed to sign the new articles of agreement.

There are abundant signs which go to show, however, that all these differences will be adjusted and that the association will regain its former prestige.

All of the Florida lines have already come into the association and there will be no further trouble in that direction. The whole of the Plant system is now in the association and the Jacksonville, Tampa and Key West has joined.

The only trouble that now prevails is the fear that the Queen and Crescent will get at some of its old tricks and give the associated roads some trouble.

"I am in hopes that the association can be strengthened in the western slopes," said Commissioner Findley yesterday to the Constitution, "and I feel confident that all the leading lines of the south realizing that their interests will be guarded by membership in the association will in due season join again. I have an abiding faith in the scope of usefulness of the association and I am much disposed to think that the railroads of this territory will all find it to their interests by and by to join."

MR. THOMPSON'S NEW OFFICE.

The Assistant General Superintendent of the Southern Busy Yesterday.

Mr. Barbour Thompson, who was lately made assistant general superintendent for the entire mileage of the Southern railway, with headquarters in Atlanta, has established his office in the old rooms occupied by Superintendent Dodson in the past.

Mr. Thompson was a very busy man yesterday. He is having his office all cleared up and newly painted and was forced to make his temporary headquarters in the office of Assistant General Passenger Agent S. H. Hardwick, across the hall.

Mr. Thompson has lost no time in getting down to business, however, and was out at the yards of the Southern yesterday.

Chief Clerk Smith, formerly with Major C. H. Hudson, general manager of the western system at Knoxville, has come to Atlanta to take the office of chief clerk to Mr. Thompson.

All of the superintendents of the western system will report to Mr. Thompson here, or else be referred by him to the general superintendent, W. H. Green, at Washington.

A Handsome Folder.

The Cotton Belt Route is doing some very enterprising advertising on account of the Cotton States and International exposition. They have printed a sixteen-sheet, double-page folder, devoted exclusively to the exposition, and will immediately distribute 50,000 copies in Missouri and Texas and at points along their route. The Cotton Belt proposes to follow this up with 50,000 similar folders every month between now and the opening of the exposition. The folder, which was prepared under the direction

of Mr. Fred H. Jones, the district passenger agent of the Cotton Belt in Atlanta, contains illustrations of the buildings with reading matter relative to the different departments, together with railroad maps and traffic information. The pamphlet has a handsome illuminated cover and is devoted exclusively to the exposition, bearing the seal of the exposition on the cover by the side of the seal of the Cotton Belt road.

The Wisconsin Central.

One of the neatest and prettiest little volumes issued by the railroads of the country setting forth their respective summer resorts and lands of pleasure is "Our Summer" issued by the Wisconsin lines. The book contains elaborate descriptions of all the delectable regions of the great lakes and is profusely illustrated. Mr. T. A. Price, assistant general freight agent of the Wisconsin Central lines, writes that his company is using a great deal of literature just at present advertising the Cotton States and International exposition. He says the people of the south are coming more and more to regard the resorts of the great lakes with favor and that the people of the northwest are looking with more favor each year upon the south as the seasons turn round to winter.

The Southern Shops.

Clifford Anderson, who was appointed to confer with the litigants against the Southern railway concerning the withdrawal of their suits in order that the company might proceed to erect the new shops in this city, has completed the work and will make a report to the committee from the citizens' mass meeting within the next few days.

He says half of the litigants have determined to withdraw their suits provided the company will settle with the lawyers who represented them. It is said that the lawyers have named their terms and that they are willing to take something less than \$2,000, although their fees would amount to more than \$5,000 if they were to get their 10 per cent of the aggregate amounts for which they sued.

MR. NORCROSS REPLIES.

He Has Something to Say of Mr. Norrman's Suit Against Him.

From The Atlanta Journal.

Mr. Jonathan Norcross writes to The Journal as follows:

"I see by your issue of the 16th instant that Mr. G. L. Norrman has brought suit against me for \$1,500. Your report also contains a statement of Mr. Norrman's side of the controversy. I think it is very bad for lawsuits to be tried in the newspaper, but publication having occurred in the manner that it has, makes it necessary for me to say a word to prevent a wrong impression going abroad to my prejudice.

"The suit, as you stated in your paper, is absurd on its face. The idea of the architect trying to make me pay twice for the very same building that he did not erect, is ridiculous. In several respects Mr. Norrman planned, and had the building constructed contrary to my requests and interests, especially in regard to the fifth story. And I will by overwhelming and unanswerable proof, establish my side of the case when the trial comes into court.

"You will greatly oblige me in publishing this card, with the same prominence given the notice above referred to."

BRIGADIER COZENS IS HERE.

He Will Lecture at the Salvation Army Tonight.

At the Salvation Army, No. 125 Marietta street, tonight, Brigadier W. J. Cozens, the chief divisional officer, will conduct the meeting in his own peculiar and characteristic way. The brigadier's subject for the occasion will be "Slaying the Indifferent." A very interesting feature in this meeting will be the dedication of the infant daughter of Ensign and Mrs. Miles to God and the Salvation Army.

Brigadier Cozens is a strong man, both physically and mentally. He is a little over the average height and well built.

His personality impresses the stranger as representing strength, earnestness, sincerity and fidelity. He has been a successful officer and has steadily worked his way up from field duty in small and difficult places to an extremely important and responsible position. The most prominent feature about the Salvation Army was his first assignment was the fact that something was being built up by it. Before he went to the large British training garrison some twelve years ago he had been sent as captain by the divisional officer of the district in which he lived to an outpost near his home, where he transformed before long into a regular corps. From the training garrison his first call was to San Francisco to take part in the pioneer work on the Pacific coast, and from the "City of the Golden Gate" he was sent to Oakland, Cal., where he not only built up the corps, but erected "The Castle"—a place where those of the "submerged tenth" are sheltered and fed.

He spent two years in a Methodist theological institute, and he now wishes that he had not devoted so much time to the study of classics.

APPROVED BY JUDGE NEWMAN.

The Special Master Awards Damages to Two Young Ladies.

Judge Newman has approved the finding of the special master in the interventions of A. J. Layton and Joseph A. Hall against the Atlanta Traction Company for damages sustained by their two daughters in a collision last November.

Damages were also awarded the young ladies by reason of the painful injuries sustained.

The sum of \$100 was awarded to Mr. A. J. Layton, whose daughter, Cora Layton, was in the wreck. The sum of \$500 was awarded to the young lady herself. It was shown to the special master that Miss Layton was the housekeeper for her father, and looked after the preparation of his breakfast in addition to attending the Girls' High school.

Only \$250 was awarded to Joseph A. Hall, while \$1,000 was awarded to his daughter, Miss Lillian Hall. It was shown to the special master that her injuries were quite serious and that she was forced to wear a plaster of paris jacket.

These findings of the special master all received the approval of Judge Newman.

Circuit Court at Opelika.

Opelika, Ala., April 22.—(Special).—The circuit court convened here today. It will last three weeks. Judge J. W. Foster, of Abbeville, is presiding. The criminal docket is remarkably light. The new board of city commissioners met today and the members were duly qualified. They organized by electing G. N. Hodges, registrar, G. E. Weber, clerk and E. F. Gibson, chief of police.

A Workman Dies Suddenly.

Selma, Ala., April 22.—(Special).—After work hours this afternoon Sam Evans, colored, fell dead at the Southern railroad shops. He went to the door complaining of feeling badly, and then commenced to spit blood. A blood vessel broke and the blood gushed from his mouth and nose, and he was dead in less time than it takes to tell it. He was faithful and had been in the employ of the shops here for some time.

## Bright's Disease of the Kidneys

BUFFALO LITHIA WATER, a Powerful and The Only Known Solvent of Stone in the Bladder.

What Drs. Loomis and Hammond say of this Water in Bright's Disease of the Kidneys, Gout, Rheumatism, &amp;c.

Dr. C. H. Davis, of Meriden, Conn., in the "New England Medical Monthly" for July, 1890. See page 469 of that Journal.

"Mr. R. L. Roy, of this city, consulted me about two years ago for Stone in the Bladder, from which he had been suffering for a number of years. On my suggestion he com-BUFFALO LITHIA WATER posed to operative interference. After using the Water for a short time, disintegration to a certain extent took place and large quantities of debris, and at intervals for a considerable period he passed large quantities, and under the continued use of the Water, there was a constant passage of calculi until he was entirely relieved of his trouble. The photograph sent herewith is a correct representation and exact size of some of the largest specimens of Calculi discharged by Mr. Roy. A chemical and microscopic examination showed that they are Uric Acid with a trace of the Oxalate of Lime."

Dr. Alfred L. Loomis, Professor of Pathology and Practical Medicine in the Medical Department of the University of New York.

"For the past BUFFALO LITHIA WATER in the treatment of four years I have used BUFFALO LITHIA WATER in Chronic Bright's Disease of the Kidneys occurring in Gouty and Rheumatic subjects, with marked benefit."

Dr. B. J. Weistling, of Middletown, Pa., states as follows:

"Experience in its use in Stone in the Bladder, in my own person, enables me to attest the BUFFALO LITHIA WATER in this painful malady. After efficacy of the Water, the intensity of which cannot be described, I have under the influence of the Water, passed an ounce of Calculi (Uric Acid), some of which weighed as much as four grains affording inexpressible relief, and leaving me in a condition of comparative ease and comfort."

"On one occasion I passed thirty-five Calculi in forty-eight hours. The appearance of this Calculi is indicated unmistakably, I think, that they were all component particles of one large Calculus, destroyed by the action of the Water."

The following plate is from a photograph, and represents the exact size and shape of some of the Calculi passed by Dr. Weistling. They were preserved by his son, Dr. J. Weistling.

Dr. William A. Hammond, Washington, D. C., Surgeon-General U. S. Army (retired), Professor of Diseases of the Mind and Nervous System in the University of New York, etc.

"I have for some BUFFALO LITHIA WATER in cases of affections of the spine, and in the treatment of the nervous system, complicated with Bright's Disease of the Kidneys or with a Gouty Diathesis. The results have been eminently satisfactory."

## BUFFALO LITHIA WATER

Is for sale by druggists generally, or in cases of one dozen half gallon bottles, \$5.00 f.o.b. at the Springs. Descriptive pamphlets sent to any address.

Sprints open for guests from June 15th to October 1st.

THOMAS F. GOODE, Proprietor, Buffalo Lithia Springs, Va.

EX-DEPUTY WRIGHT ACCQUITTED,

But the Question of His Guilt or In-

nocence Still Undecided.

Ex-Deputy Marshal Tom Wright, who has figured in the bills of indictment that have come from the grand jury room as one of the alleged whitecaps who put Henry Worley to death in Murray county, was put on trial in the federal court yesterday morning on the charge of moon-shining.

By reason of the fact that Wright had, at one time, been a trusted officer of the government his trial before Judge Newman on the charge of making illicit whiskey was one of peculiar significance and much interest was felt in the result of the trial.

The only witness who testified against Wright was a relative of the man who owned the still at which Wright worked. Colonel Trammell Starr, the attorney for the defendant, took the position that the witness, being a relative of the owner of the still, was in the nature of an accomplice and that his testimony uncorroborated was not sufficient for conviction.

Without deciding the question of guilt or innocence Judge Newman directed the jury, in accordance with this view of the case, to return a verdict of acquittal.

District Attorney Joe James, as soon as the verdict was signed, directed the court's attention to a misdemeanor case in which the ex-deputy marshal figured. The offense, however, being only that of a misdemeanor was barred by the statute of limitations and for that reason the issue was not tried.

The defendant received a number of congratulations from his friends in the building and departed on his way rejoicing. Colonel Trammell Starr, who managed the case, displayed exceptional skill and ability.

A Workman Dies Suddenly.

Selma, Ala., April 22.—(Special).—After work hours this afternoon Sam Evans, colored, fell dead at the Southern railroad shops. He went to the door complaining of feeling badly, and then commenced to spit blood. Some Leaders.

We mention some below, and we want you to understand we are headquarters on anything in hardware and housefurnishing goods. The Clarke Hardware Co.

Professional Catchers

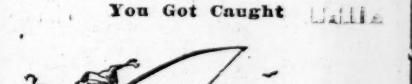

Use our mits. So do college and amateur baseball players. We have a complete line of balls, bats, mits, gloves, uniforms, and anything to complete a professional or amateur player. Merchants and college trade solicited. Special prices. Catalogue mailed free of charge. The Clarke Hardware Company.

You Got Caught

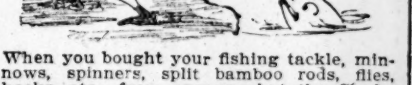

When you bought your fishing tackle, minnows, spinners, split bamboo rods, flies, hooks, etc., from any one but the Clarke Hardware Company, who carry a complete line of anything in fancy, fine goods or cheap fishing tackle.

There Is Very Little Racket

In playing tennis, but it is absolutely necessary to have a racket to play this fascinating game. We carry anything you need in rackets, nets, poles, balls, markers, tapes, etc., to gratify the pleasure of a tennis player. Catalogue and special prices to clubs mailed free. The Clarke Hardware Company.

We Are Pulling

For the garden, truck and florist tool trade. We have everything you want from a garden trowel to lawn hose. Special prices on anything in this line. Out-of-town trade solicited.

THE CLARKE HARDWARE COMPANY,

33 Peachtree Street, Atlanta, Ga.

## JEWEL

GAS STOVES AND RANGES

We have secured the agency for this celebrated Gas Range, and are now able to offer it to our customers at same prices as the common Gas Range now on the market. It is without doubt the best baker and broiler and has the best burners made.

Something entirely different from the old style.

We guarantee it to use 25 per cent less gas than any other stove. Call and see them.

HUNNICUTT &amp; BELLINGRATH

COMPANY.

\$2.50 pair. Boys' Calf

Shoes. The best in the

for that price. Chamber-

lin, Johnson &amp; Co.

Unequaled

Fabrics. . . .

Absolutely the most superb

line of English and Imported

Fabrics south of Baltimore.

Up-to-Date

Fashions. . . .

For knobby fits in suits you

must give me a trial, and it goes

## MISS YATES TONIGHT

The Eloquent Young Suffragist at the Marietta Street Mission.

HER SUBJECT "FASHIONABLE THINKING"

Miss Yates is on a Tour Through the South, and Comes to Atlanta by Invitation of the Local Suffragists.

Miss Elizabeth U. Yates, one of the leading advocates of the equal suffrage movement in the United States, and one of the brightest members of the national association, has come to Atlanta at the invitation of the local sisterhood, and has consented to deliver an address this evening at the Marietta street Methodist church.

The subject that Miss Yates has selected for this occasion, and one that will, no doubt, touch a popular chord, is "Fashionable Thinking."

Miss Yates is certain to charm her audience tonight by the impressive manner of her delivery as well as by the bright and sparkling matter of her lecture. The subject is full of suggestiveness, and if Miss

MISS ELIZABETH U. YATES.

Yates decides to take the humorous phase of it, as she no doubt will, the audience will listen to something rich.

During the recent convention that met in Atlanta in the last of January the people of this city had an opportunity of meeting Miss Yates, and the impression that she left behind her on leaving for the north was one of decided pleasure to the many friends and acquaintances made during her brief sojourn in the city. Her bright and eloquent address is regarded by many as one of the best features of the convention.

In addition to this address Miss Yates gave several brief talks during her stay in Atlanta.

At the Marietta street Methodist church a large congregation will, no doubt, gather to hear the distinguished visitor tonight.

Miss Yates reached the city last Sunday afternoon, and spent the evening as the guest of Mrs. F. C. Swift at her delightful home on Spring street.

Yesterday morning Miss Yates left for Columbus on a short visit to the Howard sisters. The Howard sisters have been active members of the association for only two or three years, but the earnest enthusiasm which they have given to the movement accounts for much of its popularity in the state today.

Miss Yates will return from Columbus this afternoon at 5 o'clock, and will be ready for the delivery of her lecture tonight. She will be the guest of Mrs. Swift during her stay in the city.

Use Angostura Bitters, the world-renowned South American appetizer, of exquisite flavor. Manufactured by Dr. J. G. B. Siebert & Sons. Ask your druggist.

### A Card.

Editor Constitution—It appears that it is not generally known that the public sale of Inman Park lots has been postponed—quite a number of interested parties having overlooked the announcement of this fact which appeared in your columns a few days since. I will thank you, therefore, to again announce this postponement, that there may be no doubt in the minds of the public about the holding of this sale.

As formerly stated, this postponement was made that the company might have time to prepare all of its Inman Park lots for sale, and to make other improvements decided upon, it being the purpose of the company to offer all of these lots at one sale, probably not before another year. In the meantime, parties desiring an Inman Park home can purchase same at private sale. Very truly,

LITT BLOODWORTH, Jr., Secretary.

**Sufferers from Coughs, Sore Throat, etc.,** should try "Brown's Bronchial Troches," a simple but sure remedy. Sold only in boxes. Price 25 cents.

### FINE LIVERY.

The Finest Horses, Carriages, etc. Boarding Horses a Specialty.

W. O. Jones is now ready to furnish his customers with the finest livery and outfits to be had in the city. A specialty is that of boarding horses and the splendid care and attention given them. If you wish genuine satisfaction call on Jones, Nos. 33 and 35 South Forsyth street.

### Meeting This Afternoon.

At the Unitarian church this afternoon at 3:30 o'clock the regular monthly meeting of the Atlanta Equal Suffrage Association will be held.

The meeting usually occurs on Wednesday afternoon, but on account of a service which takes place at the church it is necessary to change the date of the meeting.

Miss Yates will not reach the city in time to be present at this meeting. The members of the association, however, will all be out to hear her tonight.

**If the Baby Is Cutting Teeth,** Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

**Plats of Burkle Property** Ready at our office. Auction sale tomorrow 3 P. M. SAM'L W. GOODE & CO.

### Home-seekers' Excursion.

On April 23d the Union Pacific will run home-seekers' excursions from Kansas City and Omaha and points in Kansas, Nebraska, Colorado, Wyoming, Utah and Idaho at one fare plus \$2 for the round trip. For full particulars address James F. Aglar, general agent Union Pacific, St. Louis, Mo. 1232.

**NEW MAP OF ATLANTA.** Printed in Colors and Perfected to Date.

Embracing the Cotton States and International exposition grounds, the new seventh ward (West End), Inman Park, routes of all the railroads and electric street car lines, ward boundaries, limit lines and other necessary information.

Especially prepared and copyrighted by Mr. E. B. Latham, civil engineer, for John M. Miller, publishing agent.

The map is folded in convenient pocket size and enclosed in neat covers. Price 25 cents. For sale at the John M. Miller book store, 39 Marietta street, Atlanta, Ga.

### Removal.

Snow, Church & Co. and Bishop & Andrews have removed their offices to 20 1/2 East Alabama street. apr 12, 2w.

## Your Best Suit

BEST CLOTHING MADE.

Is here, ready for you to step into. But before you do so just examine the touch of "tony" tailoring it bears inside and out. The grace of correctness everywhere apparent—the fabrics new and elegant. You'll find nothing like it in Ready-made Clothing elsewhere. It is exclusively the Eads-Neel Co. idea, and that means:

Every detail looked after with all the care that a first-class artist bestows upon his work. The result is a swell Suit, such as no custom tailor can duplicate at anything like our price.

*Eads-Neel Co*
